VICTOR KASTNER
PROJECT MANAGER
INSPIRATION GOLD INCORPORATED
TOPAZ BERYLLIUM VENTURE
PO BOX 280
DELTA UT 84624

Dear Mr. Kastner:

On December 11, 1992, we received your letter notifying this office of Inspiration Gold's indefinite suspension of operations. We appreciate your cooperation in keeping us notified of your work. You are one of our most conscientious operators. Based on this letter and due to the fact that no surface disturbance occurred under the Plan of Operations, the case file for the Plan, UT-054-92-02P, is closed.

Acceptance of the reclamation work you completed in November is pending a field compliance inspection. This will be done in January. You will be contacted and invited to attend this inspection. The four Notices of Intent, UT-054-91-09N, UT-054-92-02N, UT-054-92-03N, UT-054-92-04N for Inspiration Gold will then remain open for at least one growing season to determine if the revegetation is successful.

If you or Beryllium International Corporation (BIC) restart any mining related activity that causes surface disturbance, then you or a BIC representative must re-notify this office at least 15 days prior to the start of your operations.

Thank you for submitting your notices and plan and for your support in proper management of public lands.

Sincerely,

Rex Rowley
Area Manager
